America's Greatest Antique Trucks History - TruckersReport.com

It was the world's first truck: an automated version of the carts pulled by horse or donkey for millennia. Four years later in 1900, Jack and Gus Mack of Brooklyn, N.Y., founded the company that would become Mack Trucks, which would become the standard-bearer of the modern trucking industry.

History of Trucking in America | Stacker

The trucking industry in the United States has affected the political and economic history of the United States in the 20th century. Before the invention of automobiles, most freight was moved by train or horse-drawn vehicle. During World War I, the military was the first to use trucks extensively. With the increased construction of paved roads, trucking began to achieve significant foothold in the 1930s, and soon became subject to various government regulations. During the late 1950s and 1960s,
