AP Lab 3 Sample 3 Mitosis. Lab 3 Mitosis and Meiosis. Introduction: All new cells come from previously existing cells. New cells are formed by karyokinesis- the process in cell division which involves replication of the cell's nucleus and cytokinesis-the process in cell division which involves division of the cytoplasm.

### AP Lab 3 Sample 3 Mitosis - BIOLOGY JUNCTION

General Overview Tip: "While surfing I came across a tutorial site from Cornell (through a link at Bill Barstow's site). I played around with the cell division section and thought I would recommend it. It gives a question and when you submit an answer it tells you if you are correct (and how to get the answer). It seems like a good way to make sure you have the correct terminology. (You can ...
