Becoming a Technical Leader Quotes by Gerald M. Weinberg

Before becoming a tech lead, the focus was on doing everything in the ‘Developer’ sphere. As a tech lead, responsibilities balloon out to include everything in both the ‘Architect’ and ‘Leadership’ spheres as you take responsibility for the technical path of your project as well as the functioning of your team.

8 Tips for Being a Good Tech Lead | Codementor

Becoming a leader is about taking initiative and showing your peers and your managers your capabilities. Becoming a Tech leader involves all of the above and having a deep understanding of technology and design. If you play the part of a tech leader in your current role you will become one.

If you want to become a tech leader, follow this advice

According to him, “the tech leader must be the reference technical person in at least one subject”. A tech lead should be deeply aware of the skills of his or her teammates, and therefore able to choose the best person for any task, which may not necessarily be the best performer in a technical sense.
