Competing Against Luck The Story

Best-selling author and Harvard professor Clayton Christensen provides answers and a solution in “Competing Against Luck” which comes after two decades of research where he carefully and inductively observed people who bought and sold things.

Competing Against Luck: The Story of Innovation and ...

Competing Against Luck offers powerful new insights that will help innovators create predictably successful innovations. After years of research, it has become clear that our long held maxim—that understanding the customer is the crux of innovation—is wrong. Customers don’t buy products or services; they “hire” them to do a job.
