Under his son, Charles I, all James's difficulties came to a head very quickly. England was involved in a minor war against Spain, and though the members of Parliament hated Spain, they were most reluctant to grant Charles funds to support the English forces. Meanwhile, despite his French queen, Charles became involved in a war against France, which he financed in part by a forced loan from his wealthier subjects and by quartering troops in private houses at the householders' expense.
