Sex Attachment And Couple Therapy

Attachment-based couples therapy dominates the field of couples counseling. The fundamental premise of Attachment Theory is that we learn how to be a husband, or wife, or parent, for that matter, from our early-life relationships with our own parents or other primary caregivers.

Attachment-Based Couples Therapy and Attachment Theory

In this article, sexual functioning is placed in the context of love as an attachment bond. Attachment theory offers the most coherent and empirically validated theory of adult love and is summarized together with the implications of this theory for the practice of couple therapy in which sexual issues are often addressed.
