Tutorials in Introductory Physics Updated Preliminary ...

Tutorials in Introductory Physics is a set of instructional materials intended to supplement the lectures and textbook of a standard introductory physics course. The emphasis in the tutorials is on the development of important physical concepts and scientific reasoning skills, not on solving the standard quantitative problems found in traditional textbooks.

Tutorials In Introductory Physics And Homework Package 1st ...

Tutorials in Introductory Physics are a set of worksheets designed to lead students through complex concepts by questioning common misconceptions, and leading them to the correct understanding of the topic. There is little math and calculation, instead the worksheets reinforce the concepts and help students truly understand physics.
