Anatomy and Physiology I. Module 1: Body Plan and Organization. Search for: Requirements for Human Life. ... Humans have been adapting to life on Earth for at least the past 200,000 years. Earth and its atmosphere have provided us with air to breathe, water to drink, and food to eat, but these are not the only requirements for survival. ...

Requirements for Human Life | Anatomy and Physiology I

Whereas anatomy is about structure, physiology is about function. Human physiology is the scientific study of the chemistry and physics of the structures of the body and the ways in which they work together to support the functions of life.
